

Joelle Sambola

It is with both a heavy and a full heart that we celebrate the life of Joelle Sambola after her passing on March 8th, 2025. When we pass from this world into the next, we survive as stories told and retold by those we have touched. In this way, the love of others binds us to this world, long after we have gone. Joelle's story will continue to be shared through the words of her mother Laura, her children James and Brittany, her brother David and many others who loved her. Among these stories will be ones of laughter, silliness, long fishing trips and an unmatched compassion for animals. Joelle's silliness, empathy and childlike joy transcends her short time with us, living on in those who loved her most. In her final days, Joelle filled our home with love, hope and uncontrollable giggles. We will forever remember the joy she brought into this world and our lives. We encourage you to tell her stories so that she may remain with us as we mourn the loss of such a wonderful person.

There will be a visitation held at Seale Funeral Home in Livingston (20335 Texas St, Livingston, LA 70754) on Thursday, March 20, 2025 from 2pm to 4pm with a service starting at 4pm.
